F. Superintendent Elect Salary: Superintendent Quarne, Superintendent Elect Bentz, Mr. Jones, Mrs. Stenquist – Action

The board set the salary for the successful candidate for the Glenn County Superintendent of Schools at $140,000 for 230 work days, setting the daily rate of $660.70. Mr. Bentz has accepted a position titled Administrative Services with the Glenn County Office of Education beginning July 1, 2022, and terminating upon his swearing-in to the office on January 3, 2023.

In the intervening time between setting the salary and Mr. Bentz assuming the office, the labor units have settled salary negotiations, resulting in an averaged increase in salary of 5.08%. This averaged increase is how salary adjustments are determined for un-represented employees.

The board is requested to adjust the daily rate of compensation for Mr. Bentz to be commensurate with that of his soon to be employees. A 5.08% increase to the current daily rate would result in an increase of $30.92; increasing the daily rate to $639.62, and increasing the annual rate of compensation from $140,000 to $147,112.

Superintendent Quarne reported the unrepresented staff at GCOE had received a 5.08% salary increase. He also reminded the board they had set the incoming superintendent salary at $140,000 per year. Due to the 5.08% increase for GCOE staff, Superintendent Quarne asked the board to adjust the incoming superintendent salary to $147,112.

Board President Holzapfel reminded Superintendent Quarne the incoming superintendent does not take office until January 2023; the incoming superintendent is currently working for the superintendent and is not a board employee, therefore the board could not adjust his salary.

No further action was taken.

G. Superintendent Salary: Superintendent Quarne, Mr. Jones, Mrs. Stenquist – Action

The board last adjusted Superintendent Quarne’s salary to $170,000/year for 230 days in September of 2021, equaling a daily rate of $739.13. The labor units have settled negotiations resulting in an average increase in salary of 5.08%. This averaged increase is how salary adjustments are made for un-represented employees.

The board is requested to adjust the daily rate of compensation for Mr. Quarne to be commensurate with that of his employees, effective July 1, 2022. A 5.08% increase to the current daily rate would result in an increase of $37.55; increasing the daily rate to $776.68, and increasing the annual rate of compensation from $170,000 to $178,636.

As Superintendent Quarne is retiring at the end of this term, the net increase in compensation will be $4,318.25.

Superintendent Quarne reported the unrepresented staff at GCOE had received a 5.08% salary increase. He asked the board to adjust his salary from $170,000 to $178,636. Superintendent Quarne reminded the board he is retiring at the end of December 2022 and therefore the amount of the increase would only be $4,318.25.
President Holzapfel and other board members explained he had just received a $10,000 raise in January 1, 2022.

No further action was taken.

H. Superintendent Health Benefits: Superintendent Quarne, Mr. Jones, Mrs. Stenquist – Action

All employees of the Glenn County Office of Education receive health benefits in their retirement calculated at one year of benefits for the first ten years of service, and an additional year of benefits for each additional five years of service rendered. For example, an employee who retires after 27 years of service would receive four years of health benefits at retirement.

Superintendent Quarne has been with the Glenn County Office of Education for 12 years, making him eligible for one year of health benefits. As Superintendent Quarne cannot assign this to himself, the board is requested to assign one year of health benefits to Superintendent Quarne upon his retirement.

After a short discussion, Kathy Perez moved to approve the one year of health benefits for Superintendent Quarne, Chris Redes seconded.

The Superintendent’s Health Benefits were approved by a show of hands and ayes by board members Holzapfel, Cannon, Perez, Michael and Redes. Motion passed 5/0

SUPERINTENDENT AND BOARD POLICY

INSTRUCTION

INDEPENDENT STUDY

The Governing Board and the Superintendent authorizes independent study as an optional alternative instructional strategy by which students in grades K-12 may reach curriculum objectives and fulfill graduation requirements. Independent study shall offer a means of individualizing the educational plan for students whose needs may be met best through study outside of the regular classroom setting.

Independent study schools shall be substantially equivalent in quality and quantity to classroom instruction, thus enabling students enrolled in independent study to complete the adopted course of study within the customary time frame. Students in independent study shall have access to the same services and resources as is available to other students in school.

(cf. 6143 - Courses of Study)
(cf. 6200 - Adult Education)

The Superintendent or designee shall determine that the prospective independent study student understands and is prepared to meet the school's requirements for independent study. Independent study entails a commitment by both the parent/guardian and the student. As the student gets older, he/she assumes a greater portion of the responsibility involved. Independent study may be offered only to students who can achieve in this independent study school as well as or better than they would in the regular classroom.

The Superintendent or designee shall ensure that a written independent study agreement, as prescribed by law, exists for each participating student. (Education Code 51747)

The Board and the Superintendent recognize that independent study may be used as an option to encourage students to remain in school. Teachers should carefully set the duration of independent study assignments, within the limits specified by Board policy in order to help identify students falling behind in their work or in danger of failing or dropping out of school.

To foster each student's success in independent study, the Board establishes the following maximum lengths of time which may elapse between the time an assignment is made and date by which the student must complete the assigned work shall be as follows:

For students in grades K-12 4 weeks (20 school days)

When circumstances justify a longer time, the Superintendent or designee may extend the maximum length of an assignment to a period not to exceed eight weeks, pursuant to a written request with justification.
GLEN COUNTY BOARD OF EDUCATION POLICY  

BP/SP 6158

Instruction:

Independent Study (Continued)

When any student fails to complete three days of attendance or 60 percent of instructional days in a school week more than 10 percent of required minimum instructional time over four continuous weeks of the approved instructional calendar, pupils found not participatory in synchronous instruction offerings for more than 50 percent of the scheduled times of synchronous instruction in a school month as applicable by grade span, or pupils who are violating the independent study agreement the Superintendent or designee shall conduct a tiered re-engagement strategy that is in the student’s best interest to remain in independent study. Evaluation findings shall be kept in the student’s permanent record.
