The plan pays 70% of the approved fee and will increase 10% each year to a maximum of 100% for each eligible patient that is seen by the dentist at least once during the year. The benefit percentage for Prosthodontic benefits does not change.

All benefits are calendar year (January 1 through December 31).
Children are covered until the child's 26th birthday.

Healthcare Bluebook

Healthcare Bluebook is a FREE added healthcare benefit to help you shop for care, compare facilities, save money on healthcare services, and earn rewards. The web and mobile applications make it easy to save money on hundreds of the most common medical services and procedures by showing you the cost ranges in your area and providing you with a selection of FAIR PRICE facilities.

Bluebook’s web and mobile application make it easy to save money on hundreds of common medical services and procedures by showing you the cost ranges in your area and providing you with a selection of Fair Price™ (green) facilities.

Detailed information is also provided on the quality of common inpatient procedures (those that require a hospital stay). Healthcare Bluebook will help you to easily identify and select a facility that has a high-quality rating.

What is the “FAIR PRICE?”
The Fair Price™ is the amount you should reasonably expect to pay for a service or procedure and is based on the actual amount paid on the claim, not the billed amount, reflecting the discounts that the health plan has negotiated with the facility.

Here’s an example of dramatic price differences between one facility and another.

Knee MRI

$435  $5,123+

QUALITY

Aren’t all hospitals good at everything?
No, very few hospitals are good at all procedures. For example, a hospital can be among the highest performing facilities in the US for heart surgery, yet the same hospital can also be among the lowest performing facilities for joint replacement.

Can cheaper mean better quality? YES! Absolutely!

Providers with lower costs can have higher quality; there is no correlation between high cost and high quality. Healthcare Bluebook provides cost and quality ratings side-by-side for inpatient procedures,
which is where quality matters most. By using Bluebook, it’s easy to see which facilities offer the highest quality at the lowest costs.

REWARDS
How do I earn Go Green to Get Green Rewards?
In order to qualify, you’ll be required to search for your procedure in Healthcare Bluebook prior to having your service completed and use a Fair Price™ facility for your care. Bluebook does all of the processing; there are no additional forms to submit.

Always check in-network status before scheduling.
