Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of the changes your LEA has put in place. LEAs are strongly encouraged to provide descriptions that do not exceed 300 words.

Provide an overview explaining the changes to program offerings that the LEA has made in response to school closures to address the COVID-19 emergency and the major impacts of the closures on students and families.

Success One! Charter School is an independent study adult high school. All on campus student-teacher appointments ceased as of 3/17/2020. All students moved seamlessly into distance learning; online programs (Edmentum, Burlington English, etc.), packets, Google Classroom and Zoom meetings. Students without home devices were checked out free Chromebooks. The only challenge was for students who did not have a reliable internet/Wi-Fi source due to location or financial burden.

Provide a description of how the LEA is meeting the needs of its English learners, foster youth and low-income students.

Success One! Charter School is an independent study program for students over 18 years of age. The needs of our subgroups were met by the following:
- Free Chromebook access for home use to any student in need
- Directions on the use of Google Translate for EL students
- Printed media/packets made available to every student in need based on Language or Low Income, lack of internet
- Adult Foster Youth, and their guardians or liaisons, received all of the above and made use of Google Classroom &/or Zoom for face to face instruction

Provide a description of the steps that have been taken by the LEA to continue delivering high-quality distance learning opportunities.

Success One! Charter School is an independent study charter school, thereby moving the entire program into exclusively at home distance learning was not a difficult task whatsoever. Students continued all lessons at home as part of their Master Agreement contract per state compliance code.
Provide a description of the steps that have been taken by the LEA to provide school meals while maintaining social distancing practices.

**Success One! Charter School for adults is completely independent study with no required on campus attendance. State guidelines do not require this school to provide a lunch program.**

Provide a description of the steps that have been taken by the LEA to arrange for supervision of students during ordinary school hours.

**Success One! Charter School is an adult program with no students under 18 years of age requiring supervision. Once the Glenn County "Shelter In Place" order was issued, all adult students remained home for the remainder of the 2019-2020 academic school year.**
