**OCTOBER FUN FACT**

A pumpkin is, in fact, a fruit and not a vegetable. Members of the squash family, pumpkins are fruit because they develop from the flower and not other parts of the plant. There you have it, so let’s “squash” the debate on whether or not a pumpkin is a vegetable or a fruit.

**COMPUTER LITERACY EN ESPAÑOL**

Computer literacy classes in Spanish kick off on 10/12. Students in both Orland and Willows will be learning basic computer skills. When asked how she feels about teaching her first computer class, instructor Adelaida Carrillo says, “I’m excited about teaching my first computer class. I’m happy to be helping students that need computer skills.”

**SUCCESS ONE! HITS MILESTONE**

Success One! Charter School was established on **May 22, 2014**. The principal at the time was Susan Domenechini, the teacher (pulled out of retirement) was Alvin VonBargen, and the registrar was Adrienne Haylor. The first full year was in 2014/2015. Interestingly, we had to squeeze in a student before the end of the 2013/2014 year or forfeit our charter. We not only met the first year challenge but graduated that student. This year, for the first time since our inception, we surpassed 100 enrollments on the census date, just 10 weeks into school!

Course Description:

This course is designed to teach Language Arts Skills through a five-unit series exploring song writing. No music background is required, as the focus is on writing lyrics. Each unit is delivered through a workbook that takes approximately 15 hours to complete. The intended grade level is 9-12. Some of the content for this course has been adapted for independent study from curriculum provided by The Country Music Hall of Fame and Museum.

Course Materials:

All instructional materials will be provided as workbook packets. Since the focus of this course is lyric writing, students will be asked to listen to song examples using the internet. Students will need internet access to youtube or another streaming service to listen to song examples.

Course Requirements: There are no prerequisites to enroll in this class.

Course Structure:

This course is divided into 5 units. One packet equals one unit worth of coursework. Students can take units individually for per-unit credit (ex completing units 1-3 would be worth 3 credits). However, it is highly recommended to complete units in order.

Assessments: Assessments will include short answers, multiple choice quizzes, and applied creative writing following specific structure.

LEGAL UPDATE

September 30, 2022

To: Superintendents, Member School Districts (K-12)

From: Jessica E. Ozalp
Associate General Counsel

Subject: New Open Meeting Requirements – Effective January 1, 2023
Memo No. 20-2022

On August 22, 2022, Governor Newsom signed Senate Bill (“SB”) 1100 to address disruptions during public meetings of the governing body of any local agency (such as a school district or CCD board of education). This bill makes modifications to California’s open meetings law, the Brown Act, which will become effective as of January 1, 2023.

Under the law as amended by SB 1100, the presiding member (such as a board president) conducting a meeting, or their designee, can remove an individual for disrupting the meeting using the following process:

1. Warn the individual that their behavior is disrupting the meeting and that the failure to cease the behavior may lead to removal.
2. Remove the individual if the behavior does not promptly cease.

SB 1100 defines “disrupting” as engaging in behavior that actually disrupts, disturbs, impedes, or renders infeasible the orderly conduct of the meeting and includes, but is not limited to:

a) A failure to comply with reasonable and lawful regulations adopted by a legislative body pursuant to existing law.
b) Engaging in behavior that includes the use of force or true threats of force.

In legislative findings, the Legislature stated that SB 1100 is intended to codify the authority for removal that governing bodies already have under existing case law. SB 1100 adopts the authority and standards for removal of disruptive individuals which were upheld in Acosta v. City of Costa Mesa, (2013) 718 F.3d 800. In Acosta, the Ninth Circuit Court of Appeals explained that an ordinance
governing the decorum of a public meeting is not facially overbroad if it only permits a presiding officer to eject an attendee for actually disturbing or impeding a meeting. Courts have upheld challenged removals when an individual’s conduct or speech disrupt the orderly process of the meeting. (See Kindt v. Santa Monica Rent Control Board, (1995) 67 F.3d 266.) In adopting SB 1100, the Legislature made findings that this authority is “necessary to give legislative bodies clear authorization to restore order to meetings in the event of actual disruptions... and thereby preserve the rights of other members of the public at the meeting and allow the legislative body to continue its work on behalf of the public.”

SB 1100 adds to the existing authority to clear the meeting room in the event of willful interruptions by a group whose conduct disrupts the orderly conduct of a meeting, under Government Code § 54957.9. Existing Government Code also gives school boards and other governing bodies the ability to adopt reasonable regulations to allow members of the public the opportunity to address the governing body on any item of interest to the public. (Government Code § 54954.3(b)(1).) Such regulations cannot prohibit public criticism of the body’s policies, procedures, programs, or services. These sections of Government Code are unchanged by SB 1100. Boards are encouraged to contact our office with questions regarding meeting disruptions, regulation of speech and public comments at board meetings.

The amended law goes into effect on January 1, 2023.
