School Accountability Report Card
Reported Using Data from the 2019-2020 School Year
Published During 2020-2021

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF webpage at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

School Description and Mission Statement (School Year 2020-2021)

Success One! is a WASC accredited adult charter high school serving students aged 18 years and over who have not completed an high school diploma or a high school equivalency certificate. Success One! is a dependent charter of Glenn County Office of Education. Success One! has been established to meet the need for a career focused adult education program that can be individualized to meet the needs of a rural county community. Our school seeks to provide a program designed to meet the needs of: adults involved in the Public Safety Realignment (AB109); adults qualified for the federal Workforce Investment Opportunity Act program (WIOA), including but not limited to: out of school youth, job seekers, laid-off workers, displaced homemakers, new entrants into the workforce, veterans and persons with disabilities.

The Success One! mission is to develop literate, educated thinkers who: respect themselves and others; pursue knowledge, apply facts and theories to solve problems; participate productively in the economy and their communities; become motivated and are able to learn for a lifetime; and who are employable in today's workplace. The Success One! vision is to: tailor education programs to meet each students needs, taking into account individual learning modalities; assess students on an ongoing basis; hire, support, and continuously train quality teachers and staff; work closely with students and county partners to assure full support for student success; and establish staff accountability for producing positive outcomes. Success One! goals include but are not limited to: providing a rigorous standards based program of study; developing an individual learning plan for each student; employing innovative instructors and staff, utilizing real-time assessment instruments to measure student needs and progress; utilizing technology to deliver instruction as well as offering students a menu of learning opportunities including independent study, distance learning, service learning, classroom and field assignments; integrating high school educational goals with job preparation; and monitoring student competencies to reward achievement and correct deficiencies.

Success One! is now in its sixth year of operation and continues to grow as an educational institution. The past five years we have experienced a 20% growth rate each year and have been able to add a new facility, new staff members, added course offerings, and new career oriented programs of study. We continue to provide our students with individualized learning plans and to work with our partners around the county to assure complete support of our students as they move toward completing their academic programs and career goals.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Mathematics (grades 3-8 and 11)	0	N/A	16	N/A	39	N/A

Note: Cells with N/A values do not require data.

Note: The 2019-2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019-2020 school year.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Career Technical Education Programs (School Year 2019-2020)

Success One! is currently in the process of implementing pathway programs in Arts Media Entertainment - Audio and Digital Recording, Health Careers including Medical Terminology. We offer entry level courses in each pathway. The school also offers other Career Technical Education courses through Odysseyware and Career Planning and Preparation workshops each year. Through meetings with our academic counselor students are notified of and encouraged to attend local area career fairs and expo's each year. Students participate in the local community college career exploration days each year. They also have a chance to attend the local CSU on campus Manufacturing Expo each fall. Career courses and pathways are integrated through related short term courses and workshops; for example our Vocational Math and English courses. Because Success One! is a small school and our pathways are continuing to evolve each course is evaluated on a case by case basis according to student performance and survey results/comments. As our students are all adults, we value their thoughts about the courses, their content and mode of instruction. With the receipt of career grants, this year our students will expand career opportunities such as Industry Tours.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2020-2021)

Success One! is a grades 9 through 12 charter school developed for adults. All of our students are over 18 years of age. Success One! provides a variety of opportunities for involvement of our students and their families such as: students may be elected to represent the student body on the school's advisory board; assisting in planning and taking part in our various career and academic preparation workshops and attending other extra curricular school activities. Additionally, students are surveyed on a regular basis regarding their needs for new course offerings, necessity for career or academic workshops, desires for school activities and overall satisfaction with instructional methods and materials. Success One! activities and opportunities for involvement are announced through on-site fliers, teacher announcements, Facebook posts and on the events/calendar page of the Glenn Gazette newspaper.

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates; and
- High school graduation rates.

Suspensions	0	12.6	2.5
Expulsions	0	0	0.1

Note: The 2019-2020 suspensions and expulsions rate data are not comparable to prior year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to prior years.

School Safety Plan (School Year 2020-2021)

The school safety plan is updated annually (most recently, February 2021) and discussed with the faculty each year in the fall. The plan includes fire and evacuation procedures, lock down, natural disasters, traumatic events, power outages, chemical accidents, civil disturbances, earthquakes, and bomb threats. Teachers and students are informed of and practice safety procedures on a regular basis.

Types of Services Funded (Fiscal Year 2019-2020)

Glenn County Office of Education is our provider of special education, ELD and supplemental developmental education services. School services include one on one instructional services with an instructional aide. Students have full use of iPad's, Chrome-books, laptops and desktop computers while at school sites. Supplemental basic skills, career planning and college preparation workshops are provided on site on a rotating basis throughout the school year. Due to COVID, Hotspots also became available to students with technology needs as well as the opportunity to check out Chrome-books.

Professional Development (Most Recent Three Years)

Measure	2018-19	2019-20	2020-21
Number of school days dedicated to Staff Development and Continuous Improvement	1	6	6

Success One! has continued its focus on staff development for all teachers. Professional development days focused on Common Core standards, Mathematics and Writing, and ELD through conferences and workshops. Conferences on independent study, charter school requirements, and instructional strategies are attended annually. Achievement and benchmark data is reviewed on an on-going basis throughout each school year. Academic goals for each student are reviewed and updated each year.

All seven of our current instructors are expected to attend day long, countywide, professional development days focused on Social Emotional Learning - Focus of Adverse Childhood Experiences. Other professional development workshops attended have concentrated on regulations and instructional methods related to independent study students, use of technology in the classroom, ELD strategies and use of assessment data. Instructors have all received a full day of On Course training. Other activities have included 2 hour block sessions of Edmentum online software training. Teachers currently receive individual on-going mentoring in the use of technology in the classroom as well as in the use of new texts and materials. Faculty meetings also provide information and peer to peer instruction regarding one on one teaching methods and new instructional resources.
