General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) https://www.caschooldashboard.org/ reflects California’s new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California’s diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.
Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

Success One! is a WASC accredited adult charter high school serving students aged 18 years and over who have not completed a high school diploma or a high school equivalency certificate. Success One! is a dependent charter of Glenn County Office of Education. Success One! has been established to meet the need for a career focused adult education program that can be individualized to meet the needs of a rural county community. Our school seeks to provide a program designed to meet the needs of: adults involved in the Public Safety Realignment (AB109); adults qualified for the federal Workforce Investment Opportunity Act program (WIOA), including but not limited to: out of school youth, job seekers, laid-off workers, displaced homemakers, new entrants into the workforce, veterans and persons with disabilities. The Success One! mission is to develop literate, educated thinkers who: respect themselves and others; pursue knowledge, apply facts and theories to solve problems; participate productively in the economy and their communities; become motivated and are able to learn for a lifetime; and who are employable in today's workplace. The Success One! vision is to: tailor education programs to meet each students needs, taking into account individual learning modalities; assess students on an ongoing basis; hire, support, and continuously train quality teachers and staff; work closely with students and county partners to assure full support for student success; and establish staff accountability for producing positive outcomes. Success One! goals include but are not limited to: providing a rigorous standards based program of study; developing an individual learning plan for each student; employing innovative instructors and staff, utilizing real-time assessment instruments to measure student needs and progress; utilizing technology to deliver instruction as well as offering students a menu of learning opportunities including independent study, distance learning, service learning, classroom and field assignments; integrating high school educational goals with job preparation; and monitoring student competencies to reward achievement and correct deficiencies. Success One! is now in its seventh year of operation and continues to grow as an educational institution. Due to COVID-19 we suffered enrollment loss through the fall semester of the 2020 - 2021, and stabilized during the Spring semester. We have established strategies to improve our student retention and progress. We have implemented a student wellness tracking

## A. Conditions of Learning State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

### 2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The most recent textbook adoption for Success One! took place in November 2018. At that time additional Common Core materials in Math, English and ELD were added along with additional reading selections for our Character Based Literacy program.

### School Facility Conditions and Planned Improvements

Success One! is primarily housed in a County Office of Education building, Learning Center South (LCS,) that is seventeen years old. Other facilities where instruction may take place include the Glenn County Jail, and the Success one! North (S1N) located in the Glenn Success Square at 129 E Walker St. Orland, CA 95963. The Glenn Success Square (S1N) is inspected by the owner, Glenn County Office of Education. Learning Center South (LCS) is regularly inspected by the owner, Glenn County Office of Education.

**B. Pupil Outcomes**

**State Priority: Pupil Achievement**

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

**Statewide Assessments**

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
   The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

**SARC Reporting in the 2020-2021 School Year Only**

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

**Options**

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.
Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Success One! is currently in the process of implementing pathway programs in Arts Media Entertainment - Audio and Digital Recording, Health Careers. We offer entry level courses in each pathway. The school also offers other Career Technical Education courses through Edmentum and Career Planning and Preparation workshops each year. Through meetings with our academic counselors, students are notified and encouraged to attend local area career fairs and expo's each year. Students participate in the local community college career exploration days each year. They also have a chance to attend the local CSU on campus Manufacturing Expo each fall. Career courses and pathways are integrated through related short term courses and workshops; for example our Vocational Math and English courses. Because Success One! is a small school and our pathways are continuing to evolve, each course is evaluated on a case by case basis according to student performance and survey results/comments. As our students are all adults, we value their thoughts about the courses, their content and mode of instruction. With the receipt of career grants, this year our students will expand career opportunities such as Industry Tours.

The programs offered by our school are:

Broadcasting, and the sequence is:
Concentrator - Fundamentals of Audio
Capstone Course - Audio Editing I & II

Patient Care - sequence:
Introductory - Principles of Health
Concentrator - Health Science I
Concentrator - Health Science II
Capstone - Medical Terminology

The District's Primary representative CTE advisory committee is:
Linda Riggle - Glenn County Office of Education, CTE Coordinator

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

<table>

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

Success One! is a grades 9 through 12 charter school developed for adults. All of our students are over 18 years of age. Success One! provides a variety of opportunities for involvement of our students and their families such as: students may be elected to represent the student body on the school's advisory board; assisting in planning and taking part in our various career and academic preparation workshops and attending other extra curricular school activities. Additionally, students are surveyed on a regular basis regarding their needs for new course offerings, necessity for career or academic workshops, desires for school activities and overall satisfaction with instructional methods and materials. Success One! activities and opportunities for involvement are announced through on-site fliers, teacher announcements, Facebook posts and on the events/calendar page of the Glenn Gazette newspaper.

C. Engagement

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates;
- High school graduation rates; and
- Chronic Absenteeism

### C. Engagement

#### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety
### Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

<table>

2022 School Accountability Report Card

2022-23 School Safety Plan

The school safety plan is updated annually (most recently, February 2022) and discussed with the faculty each year in the fall. The plan includes fire and evacuation procedures, lock down, natural disasters, traumatic events, power outages, chemical accidents, civil disturbances, earthquakes, and bomb threats. Teachers and students are informed of and practice safety procedures on a regular basis.

2019-20 Secondary Average Class Size and Class Size Distribution

This table displays the 2019-20 average class size and class size distribution. The columns titled "Number of Classes" indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

2021-22 Secondary Average Class Size and Class Size Distribution

This table displays the 2021-22 average class size and class size distribution. The columns titled "Number of Classes" indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

<table>
<thead>
<tr>

### Professional Development

Success One! has continued its focus on staff development for all teachers. Professional development days focused on Common Core standards, Mathematics and Writing, and ELD through conferences and workshops. Conferences on independent study, charter school requirements, and instructional strategies are attended annually. Achievement and benchmark data is reviewed on an on-going basis throughout each school year. Academic goals for each student are reviewed and updated each year.

First and foremost, all staff attended mandated COVID training. Other professional development workshops attended have concentrated on regulations and instructional methods related to independent study students, use of technology in the classroom, ELD strategies and use of assessment data. Other activities have included ICEV CTE certification and curriculum, Renaissance Star assessments training, Burlington English training to support EL students, all the educator mandated trainings (Child Abuse Prevention, Sexual Harassment Prevention, Title IX, etc.), Edmentum online software training, Charter and Independent Study law training, and post COVID recovery through trauma informed lenses. Teachers currently receive individual on-going mentoring in the use of technology in the classroom as well as in the use of new texts and materials. The staff also received a series of professional development training on Serving Diverse Student Communities. Faculty meetings also provide information and peer to peer instruction regarding one on one teaching methods and new instructional resources. Administrative staff took professional development in the area of School Accountability and Student information system. We applied and were approved to be part of the CA MTSS (Multi-Tiered Systems of Support) professional development training that will help us to strengthen school, family, and community partnerships to support our students.

This table displays the number of school days dedicated to staff development and continuous improvement.
