

Glenn County Special Education Local Plan Area

SELPA Policy

Evaluation

The Glenn County Special Education Local Plan Area recognizes the need to identify and evaluate students from birth through age 21, residing within the SELPA, who have disabilities in order to provide them with appropriate educational opportunities in accordance with state and federal law.

School districts shall develop processes to determine when an individual is eligible for special education services and shall establish systematic procedures for special education program identification, screening, referral, assessment, planning, implementation, review and triennial assessment. (EC 56301) Procedures shall require reassessment of students with disabilities at least once every three years or more frequently, if appropriate. (20 USC § 1412 (a)(7))

School districts shall establish a method whereby parents/guardians, teachers, appropriate professionals, and others may refer an individual for assessment for special education services. Identification procedures shall be coordinated with school site procedures for referral of students with needs that cannot be met with modifications to the regular instructional program. (EC 56302)

School districts shall notify parents/guardians in writing of their rights related to identification, referral, assessment, instructional planning, implementation, and review, including the district's procedures for initiating a referral for assessment to identify individuals who need special education services. (EC 56301)
