

**Glenn County SELPA Allocation Model Narrative**

**Narrative:** In the 2017-2018 school year, the SELPA Governance Committee created the Fiscal Oversight Committee who worked with a expert consultant in modifying the allocation model to better meet our current needs. Many options were explored reviewing "off the top" models, fee for service models, mild/moderate programs doing a program transfer to LEAs from the COE. This process of designing our allocation plan continued into the 2018-2019 school year. At the SELPA governance committee in April of 2019 the new allocation model was adopted. This allocation model is a hybrid of fee for service and a cost pool. Some services types (Extensive Support, Mild/Moderate, Mild/Mod Speech, Preschool, Preschool Speech, and Transportation) are to be billed in a student fee for service formula. The cost pool is called the Direct Services costs which all districts pay based on their total number of students receiving services provided by the Glenn County Office of Education. This pool includes the costs for the Administrative Unit, Administration, Facilities, Direct Services, NonPublic Schools and Legal fees. The draft Allocation model will be drafted in February each year and adopted in March or April of each year for the following fiscal year. Any cost adjustments mid-year would not be applied until the following year so districts can budget for the Special Education costs for each school year.

**Explanation of Columns on the Allocation Model:**

Column:

A	<b>Districts:</b> within the Glenn County SELPA
B	<b>Direct Services:</b> are services applied to all district such as Adaptive Physical Education Teacher, Behavior Support Services, Extensive Support Psychologist, Clinicians, School Nurse, Health Aides, Extensive Support Speech Pathologist, Transition Services, SELPA AU, Asst Super Student Services, Receptionist, Student Data, Senior Fiscal Spec, Direct Services and Administrative Materials, Supplies, Curriculum, Travel & Conference, Mileage, Plant Maintenance and Operations, Facilities Pools, Copier Pools, Library Services, IT Agreement, Professional Services, Translation Services, Other Operating Expenditures, Indirect Cost, and Contracted Services for: OT, PT, Speech, DHH, Interpreters, Non-public Schools, as well as GE Credit, Deferred and Restricted Maintenance <b>(Goal 5750,5770,5150,5001 and Function 1180,1190,1191,2100,2420,3120,3140,3150,8100,9200)</b>
C	<b>Extensive Support Services:</b> Teachers, Paraprofessionals, Program Specialist, Materials, Curriculum, Travel & Conference, Mileage, and Indirect Cost.
D	<b>Mild/Moderate:</b> Teachers, Paraprofessionals, Program Specialist, Mild/Mod Psycholoist, Materials, Curriculum, Travel & Conference, Mileage, and Indirect Cost
E	<b>Mild/Moderate Speech:</b> Speech Pathologist, Materials, Supplies, Curriculum, Travel & Conference, Mileage, and Indirect Cost
F	<b>Infant &amp; Preschool:</b> Teachers, Psychologist, Program Specialist, Paraprofessionals, and Materials, Supplies, Curriculum, Travel & Conference, Feeding Specialist, Mileage, and Indirect Cost
G	<b>Infant &amp; Preschool Speech Services:</b> Speech Pathologist, Speech Aide, Materials, Supplies, Curriculum, Travel & Conference, Mileage, and Indirect Cost
H	<b>Transportation:</b> Transportation Coordinator, Bus Drivers, Vehicle Drivers, Materials, Supplies, Insurance, Rents, Repairs, Telephone, Indirect Cost
I	<b>Excess Cost:</b> The cost incurred to support the Special Education Programs and Services operated by Glenn County Office of Education that exceed the State, Federal, and Local Revenue that are then distributed to the districts based on usage and expenditure type.
J	<b>Prior Year Adjustment:</b> The true up adjustment amount by district after the closing of prior year books. This results in a credit or additional cost due based off closing numbers of final revenues, expenditures, and student counts.
K	<b>Final Total Cost:</b> The final cost budgeted by district for the Excess Cost and Prior Year Adjustment/Credit.
N	<b>Revenue:</b> This column summarizes the total revenue received by local, state and federal funding. It then details the shortfall needed to bill as excess cost to districts.
O	<b>Excess Cost Rate Per Student:</b> Takes the total excess cost for that service type and divides it by the total number of students being served for that service type to get an average excess cost rate per student. Which is then used to calculate the districts portion by district students served by service type.
P	<b>Total Expenditures:</b> The total cost to operate all programs served by the student services department at Glenn County Office of Education that drive the allocation model.
Q	<b>% of Expenditures:</b> This column gives a % percentage of expenditures by service type for all non transportation based expenditures. It does not include transportation as transportation is independently computed.
R	<b>Excess Cost:</b> This column takes the percentage from column P and multiplies it by the total excess cost to see the portion of excess cost required for that service type.
